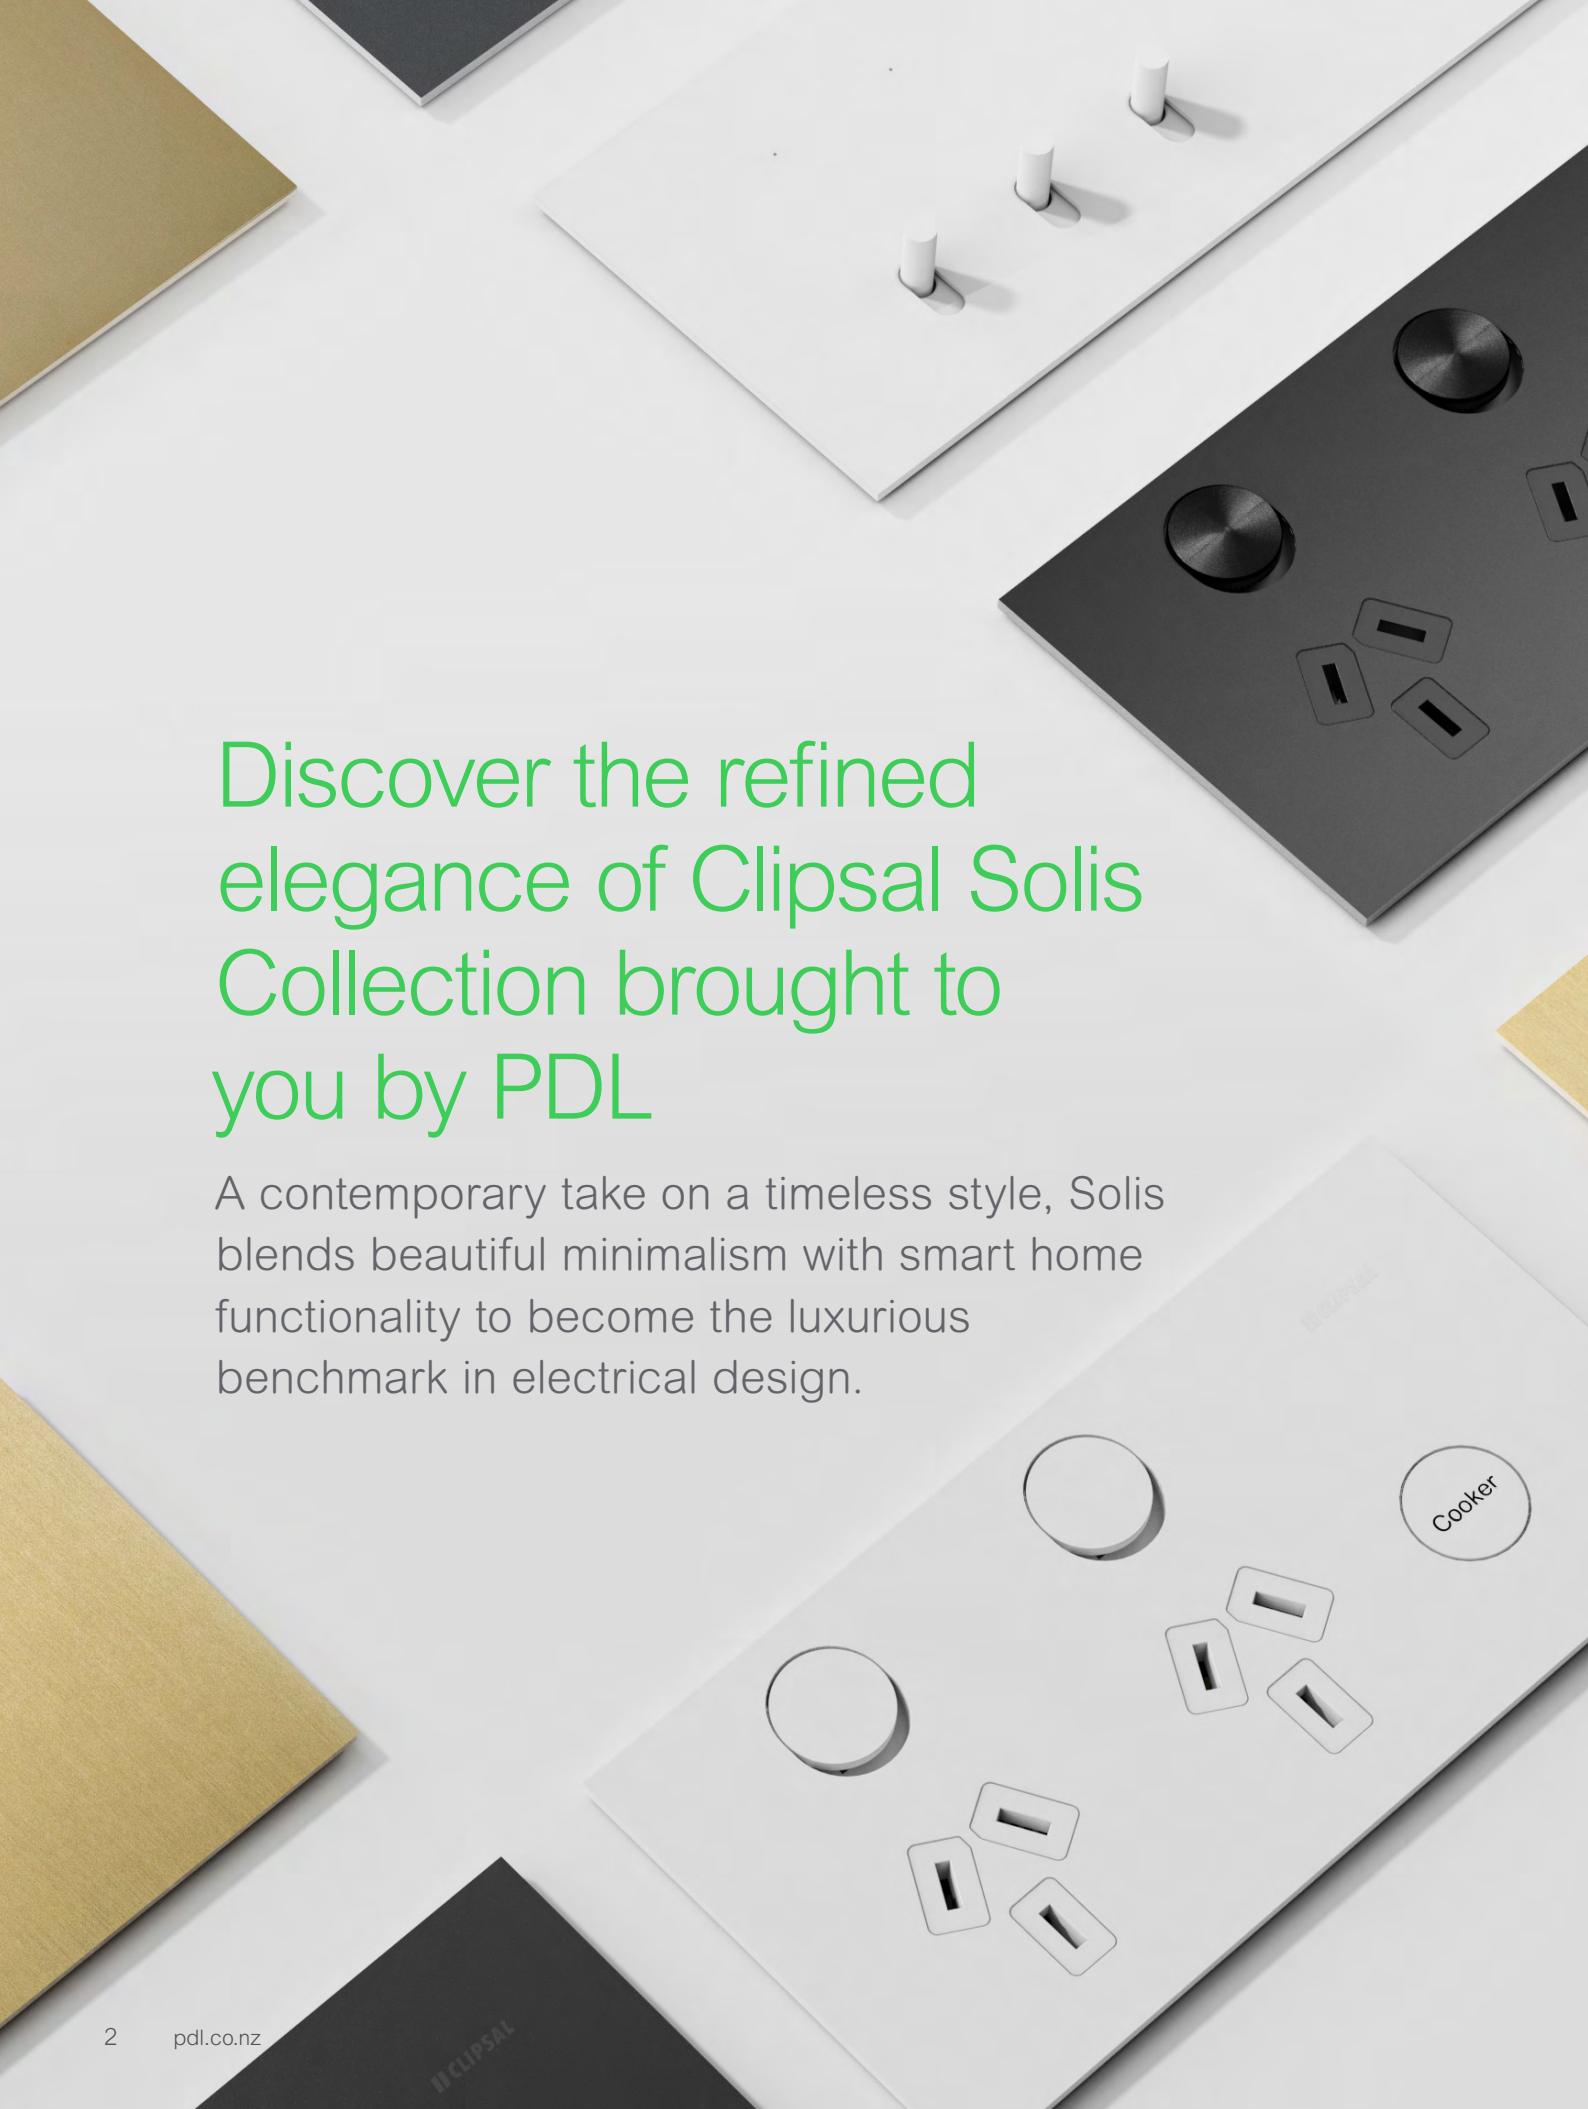
Life Is On | Schneider Electric



Discover the refined elegance of Clipsal Solis Collection brought to you by PDL

A contemporary take on a timeless style, Solis blends beautiful minimalism with smart home functionality to become the luxurious benchmark in electrical design.

The perfect balance of form and function

The Clipsal Solis Collection is the perfect partner for exceptional New Zealand homes. Available in two designs, the Solis Collection combines refined contemporary design with premium materials and smart home functionality.

A touch of luxury

The Solis Collection is designed to make your home stand out. It is the ultimate finishing touch for those who demand luxury in every detail. Premium finishes in aluminium, white ceramic, and matte black and white, sit beautifully against modern architectural interiors.

Smart home capability

The Solis Collection is fully compatible with PDL Wiser™ Smart Home for scalable smart home automation. Choose additional features like dimmers, USB Type-C fast chargers, and smart power points for even more smart functionality in your home.

Clipsal Solis™ T Series

The pinnacle of the Solis range, Solis T Series is where classic design meets modern functionality. It is timeless yet contemporary.

Solis T Series blends the old-school feel of robust toggles and brushed metal with modernist, perfect square edges and thin, flush covers. It evokes craftsmanship, precision and tastefully understated design.

Solis T Series speaks to those who appreciate and understand quality.

The range is available in brushed metal finishes of Brushed Brass, Platinum Aluminium and Ebony Aluminium. A world-leading White Ceramic finish is as soft as satin yet incredibly hardwearing.

With Solis T Series, your electrician can help customise the look in your home by changing the toggle switch adaptors to create a customised colour combination. Choose to combine different finishes in toggles and covers for your own unique look.

Solis T Series features include:

- Four premium finishes (Brushed Brass, Platinum Aluminium, Ebony Aluminium, White Ceramic)
- Discreet warm white LED indicators
- Connected dimmer available with rotary or toggle control
- USB Type-C fast charger
- Smart power points
- Full compatibility with Wiser Smart Home

Clipsal Solis™

The refined design of Solis is brought to life in a simpler form with two smooth matte finishes –monochromatic simplicity at its finest.

The push-button and switch design sits flush in an ultra-slim cover for an elegant addition to your home.

Solis features include:

- Two premium finishes: Matte Black and Matte White
- Discreet warm white LED indicators
- Connected dimmer available with rotary or push-button control
- USB Type-C fast charger
- Smart power points
- Full compatibility with Wiser Smart Home

Discover the Solis Collection and choose the perfect look for your home.

Solis T Series

The Solis T Series is the pinnacle of the Solis Collection, offering understated luxury in premium finishes.

White Ceramic
Chosen for its incredible level of quality and durability the hardness of ceramic allows the finest of satin textures, giving a luxurious feeling almost like silk. It allows us to offer a white product that has very minimal exposed paint or plastic ensuring that it will help resist dust and fingerprints.

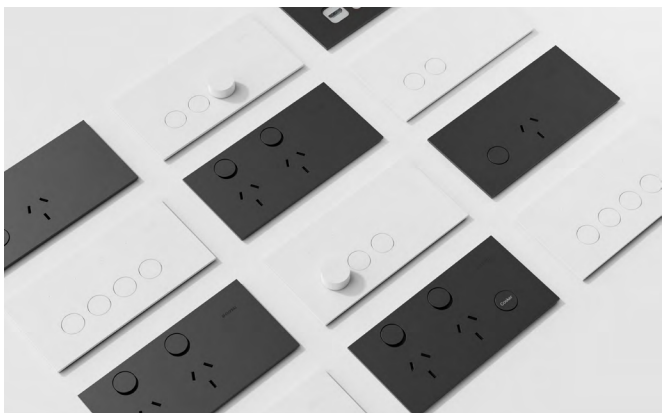
Brushed Brass / Platinum / Ebony Aluminium
Aluminium is a natural choice as it machines beautifully allowing us to offer clean edges, and minute detailing to increase the overall quality. Aluminium enables a wide variety of anodised finishes, meaning we could select the perfect colours to align with the overall design.

Maintenance and care
Switches and power points should only be cleaned using a damp cloth and a detergent solution mixed with warm water.

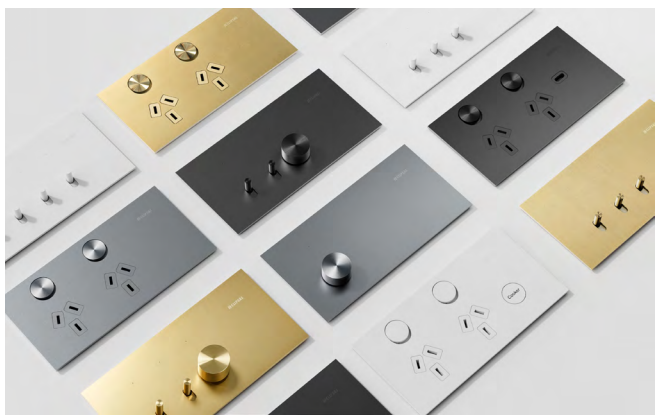
Homeowners should NOT use household cleaning sprays as chemical sprays can attack the plastic materials and cause them to fail over time. Do not use any abrasive materials to clean or wipe down the products as they can permanently damage the appearance of the surfaces.

Solis

Clipsal Solis is monochromatic simplicity at its finest. With two smooth matte finishes, this push-button switch design sits flush in an ultra-slim cover for an elegant addition to your home. Available in **Matte White** and **Matte Black**.



Solis



Solis T Series

A Solis smart home

The elegant design of Solis links effortlessly with PDL smart home automation. Switches and power points in Solis and Solis T Series are fully compatible with PDL's scalable Wiser smart home system.

Enjoy easy control of your home from your smart device - wherever you are in the world - with access to lights, blinds and other linked features.

To create your bespoke smart home solution with Solis, speak to your electrician or Wiser Approved Installer.
