The Musterers Inn

WELCOME TO THE MUSTERERS INN

Your own high-country hideaway.

The Little Musterers Inn is a place to slow down, relax, and gather with the people who matter most- all from the comfort of your own backyard.

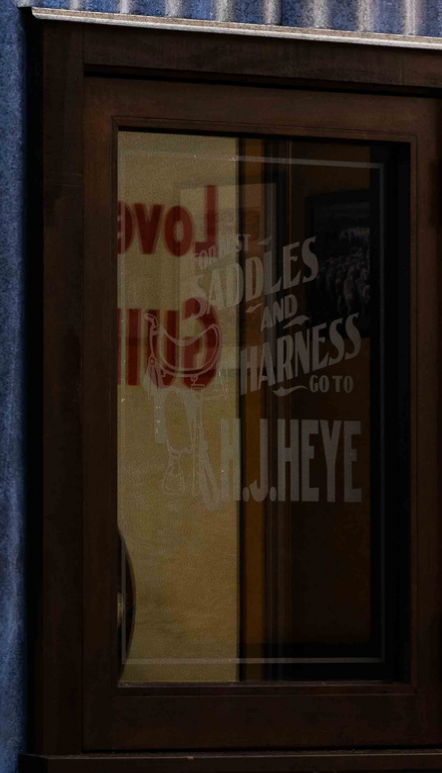

Crafted with a warm, rustic feel, it's designed for hosting, unwinding, and enjoying the simple things. Whether it's a quiet evening to yourself or a few drinks with family and friends, the space is completely yours to make your own.

Add your own personal touches to make the space uniquely yours- from treasured photos and keepsakes to custom décor, artwork, and finishing details that tell your story. Each Little Musterers Inn is proudly made in New Zealand, from our family to yours. Delivered to your home ready to enjoy, complete with your name on the door and your special photos on the wall.

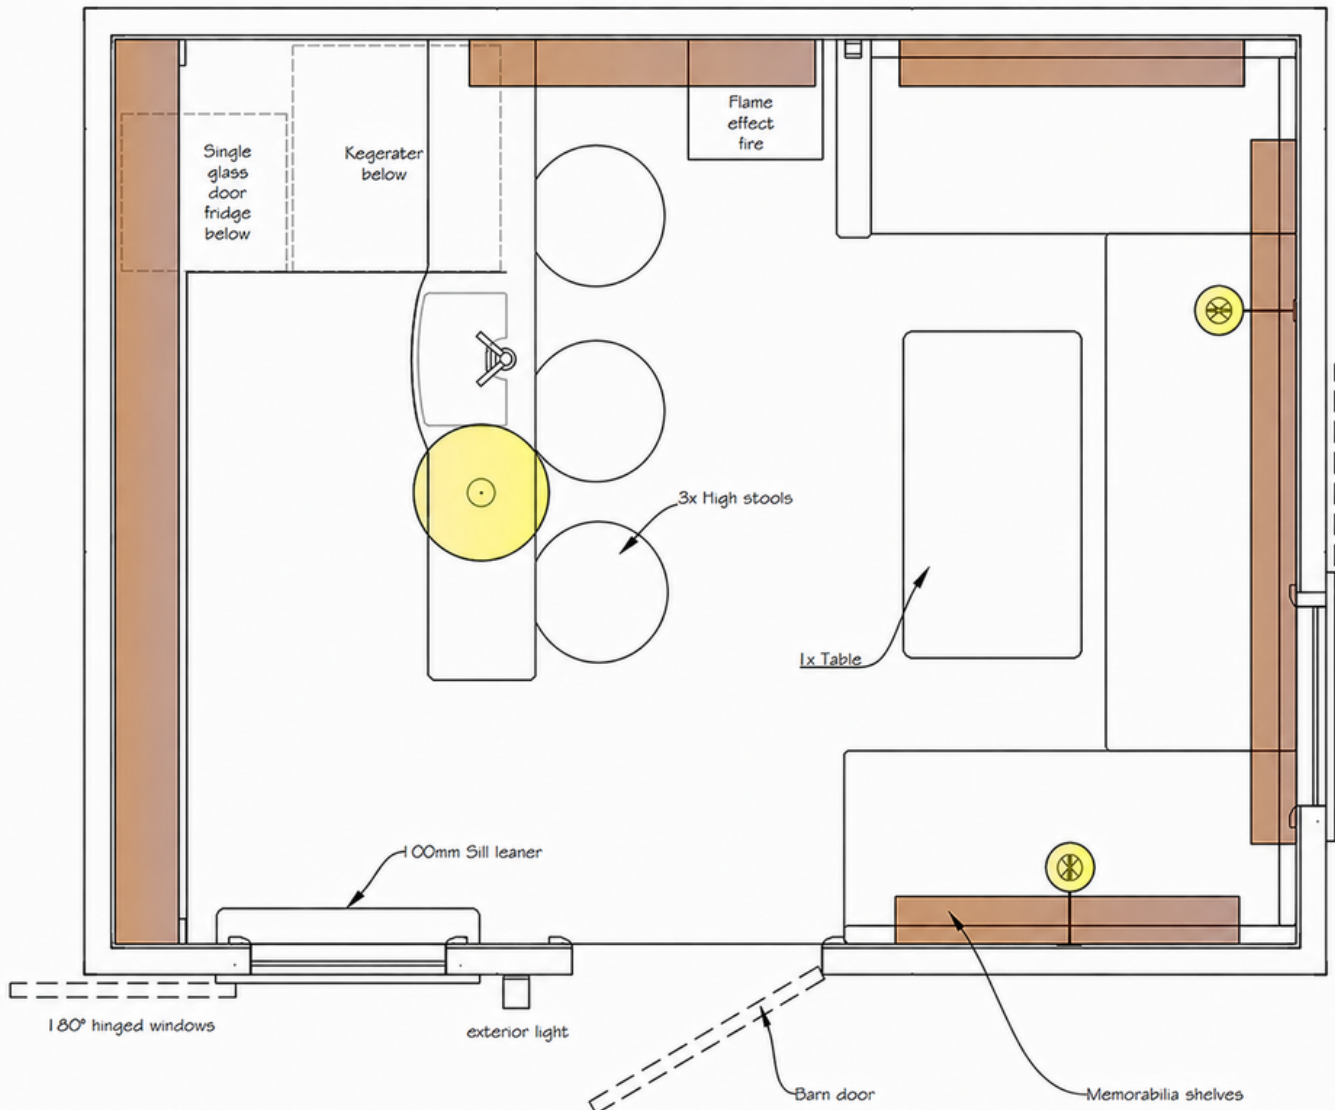

Bring a little high-country atmosphere home.

Life's too short not to.

THE MUSTERERS INN
